

Sproat Lake Restorations
Classic Car Restoration Technician / Assembler

Sproat Lake Restorations is looking for a skilled individual to join our team working on ground-up classic vehicle restorations and final assembly in a new, well-equipped shop.

This position requires someone who takes pride in precision work, craftsmanship, and attention to detail. Experience with classic vehicles and restoration projects is a strong asset.

Current restoration projects scheduled include:

- 1967 Camaro – full restoration
- 1972 Blazer 4x4 – full restoration
- 1970½ Camaro – restoration
- 1959 Chevrolet pickup – restoration

Responsibilities include:

- Assembly of restoration projects from chassis to final build
- Mechanical installation and fitment of components
- Working with restored and new parts during final build stages
- Maintaining high-quality workmanship and attention to detail

What we offer:

- \$36 – \$46 per hour (DOE)
- Benefits package
- Performance bonus for the right person
- New well-equipped shop
- Multiple restoration projects already scheduled

Location: Port Alberni, BC

If you have experience with classic vehicles and take pride in building them properly, we would like to hear from you.

Please include a summary of your restoration experience and photos of previous projects if available.

Send resumes or inquiries to: sproatlake@shaw.ca
