

BC Hydro is seeking a Lead Diesel Station Attendant contractor in Ehtlateese

Keeping the lights on takes a lot of talented people doing many different jobs. At BC Hydro we value a culture of inclusion, mutual respect and equal opportunity. By working together, we're able to achieve more – and we have a big job to do.

BC Hydro is seeking an individual to provide leadership, operate and maintain the power system in Ehtlateese. Shifts are approximately 4 hours per day, for 15 days per month. Pay is typically between \$2500-\$4000 per month.

This is a great opportunity that offers customized training and mentorship, and experience operating a power system.

Minimum Qualifications:

- Demonstrated organizational and leadership skills
- Must be able to work alone with minimal supervision
- Must remain fit for work and be available for 24-hour emergency response when on shift
- Experience working in an industrial environment and maintaining a safe worksite, including use of PPE, organization of tools, equipment and housekeeping
- General awareness of WCB, safety standards, electrical safety, etc.
- Some knowledge of general trades, i.e. painting, carpentry and associated tools, etc.
- Excellent oral and written communication skills
- Basic computer skills, including email and mobile phone use
- Successful candidate must have a Class 5 Driver's License and satisfactorily complete drug and alcohol screening.

Preference will be given to candidates that have:

- Experience mentoring junior teammates
- Experience operating and/or maintaining diesel engines
- Experience performing activities required to operate a non-integrated electric power system or electricity generating facilities
- Knowledge of BC Hydro operating practices and procedures, Local Operating Orders and Safety Protection Guarantees
- Experience storing, shipping and handling dangerous goods.
