

## □ Job Posting: Heavy Equipment Operator □

Are you an experienced Heavy Equipment Operator with a passion for civil excavation and construction? Join our dynamic team at Sproat Lake Contracting and contribute to projects that shape our communities! We are seeking a skilled operator who can handle a variety of heavy machinery to ensure efficient and precise excavation and earthmoving operations.

### **\*\*Responsibilities:\*\***

- Operate and maintain heavy equipment including excavators, bulldozers, loaders, and graders.
- Execute excavation projects according to plans, specifications, and safety protocols.
- Safely load, transport, and unload materials using machinery.
- Perform routine equipment inspections and preventive maintenance.
- Collaborate with the construction team to ensure smooth project execution.
- Adhere to safety guidelines and promote a safe work environment.

### **\*\*Qualifications:\*\***

- Proven experience as a Heavy Equipment Operator in civil excavation projects.
- Proficiency in operating and maintaining various heavy equipment.
- Familiarity with excavation techniques, earthmoving, and grading processes.
- Strong understanding of safety regulations and practices.
- Ability to read and interpret blueprints and project plans.
- Excellent communication skills and a team-oriented attitude.
- Valid driver's license and relevant certifications.
- Physical ability to perform the duties of the job, including lifting, climbing, and prolonged periods of sitting or standing.

### **\*\*Benefits:\*\***

- Competitive compensation package.
- Opportunities for skill development and training.
- Supportive and inclusive work environment.
- Chance to contribute to impactful civil excavation projects.

If you're ready to take on the challenge and make a significant impact with your heavy equipment operating skills, apply now by sending your resume and cover letter to [hr@sproatlakecontracting.ca](mailto:hr@sproatlakecontracting.ca)
