

Paddle West Kayaking

606 Campbell St, Tofino BC V0R 2Z0

Job Title: Maintenance Tech

Season: Feb 15 – Sept 30 (20 hours/week (with potential for additional hours in the shoulder season Feb 15 – April 30))

Pay: \$24-\$28 (dependent on experience)

Location: Tofino

Reports to: Operations Manager and Head Guide

Position Summary

Paddle West Kayaking is looking for a Part-time, hands-on, proactive Maintenance Technician to keep our sea kayak fleet and gear functional and ready for daily use. This role focuses on fiber glassing and kayak repair, gear maintenance, storage organization, and parts ordering, working closely with the Operations Manager, Head Guide, and office team to support smooth daily operations.

Duties & Responsibilities

- Repair and maintain sea kayaks (fiber glassing repairs/touch ups, repairing/replacing/maintaining rigging, seats, rudder systems etc.).
- Keeping inventory of parts and tools and communicating what need replacing in a timely manner.
- Keep storage, and work areas tidy and organized.
- Track issues in the maintenance log and update when repairs are done.
- Flag urgent maintenance related safety issues to the Operations Manager.

Qualifications

- Comfortable using hand tools and basic power tools
- Fiber glassing experience is a big asset
- Any experience fixing boats, surfboards, bikes or similar is an asset.
- Able to work independently, stay organized and follow through on tasks.
- Secured accommodation in Tofino or Ucluelet is required.
- Valid Class 5 driver's licence and legal right to work in Canada.

Working Conditions

- Mix of indoor shop work and outdoor work on docks and storage areas.
- You will work in all kinds of west coast weather: rain, wind, cool and hot days.
- Must be able to lift and move kayaks and gear (up to about 70 lbs with help) and be on your feet for much of the day.

How to Apply
